

Water Turnoffs for Units

Cedar

- Laundry Room - Garage wall – 6 feet over the dryer

Aspen/Butternut

- Behind the Hot Water Heater – 2 feet off the ground

Dogwood

- In Laundry Room, in the wall facing the garage – 5 feet off the ground

The Turnoff for ENTIRE BUILDING

- In Dogwood units, under the steps, in the small closet, in the back. These units also have the water meters for the entire building.
